Corporate Profile

Superior Products means Superior Performance

COMPANY BACKGROUND

Co-founded in 2013 by Damien McLintock and Alan Whitaker, McWhit is a progressive company offering innovative solutions to the Industrial, Construction, Mining, Commercial & Lifestyle industries. Our products and services not only save time, but through their innovation are cost effective, efficient and are long lasting. We offer a range of unique products and services that are well priced. Our products are SABS approved and can be used for a range of applications.

Our mandate is to supply affordable products, equipment and solutions to the market with ease of use in mind for both installation and removal. South Africa and Africa can enjoy easy to use and install products and well known equipment brands at extremely competitive prices.

Our brands are unrivalled in their design and performance in saving you money and often reducing your carbon footprint. Our after sales service and guarantees set the standard in our industry. We value our People, our Clients, and our Partners and we are committed to improving our BBBEE Level which is currently a 4, through our Procurement, Employment, Skills Development and Social Commitment.

We look forward to hearing from you and being able to develop long lasting business relationships through our products and solutions

Mission:

We are your Industrial Solutions Partner

As a supplier of industrial, mining and commercial equipment, training and services, we endeavour to offer a total end-to-end solution to the industrial, mining, construction and commercial sectors. We pledge to establish lasting relationships with our customers by exceeding their expectations and gaining their trust through exceptional performance.

Vision:

McWhit is a multi-faceted company adding value to a variety of industries. We strive to be a proudly South African company sourcing local products where possible. Our passion is to offer quality products and superior customer service. We strive to achieve the highest standards in all that we do.

[Our Commitments](#)

BBBEE: RATING LEVEL 4 (currently working toward a Level 3)

Procurement: It is our policy to support BBBEE organizations

Skills Development: Through our training affiliations, our staff have continuous access to training & development.

Social Commitment: At McWhit we believe in empowering the people of this Nation. We encourage people to uplift themselves through learning and give them the skills they need to grow and thrive and in so doing, support their families forming the foundation of a successful Country with a growing economy. We are passionate about South Africa and its people.

BUSINESS SERVICES

Industrial Supplies:

We provide a comprehensive range of **Industrial Supplies & Equipment**.

McWhit supplies a wide range of products, required by the Industrial, Manufacturing and Engineering industries. We supply most major brands such as Air Products, Somta, Makita, Metabo, Pfred, Fischer, FEW, Thermamax, Gedore, Atlas Copco, to name just a few.

Functional expertise coupled with industry knowledge makes McWhit the ideal choice for an industrial hardware supplier.

Mining Supplies:

Since our inception, we have grown our equipment and product range to include conventional mining equipment and allied products supplied to all mining industries with specific focus on copper, gold, nickel and platinum mines.

We have established long-term business relationships with our suppliers and manufacturers of the equipment and products we supply as well as the services offered and our customer base has extended into other territories which now include SADC Member Countries.

Civil & Construction Supplies:

McWhit has been synonymous with civil construction in supplying a broad range of industries, delivering quality products and exceptional service.

We also pride ourselves on our ability to deliver on time and within budget. With a range of more than 5,000 products as well as our ability to deliver innovative solutions and custom-built items for any infrastructure project in the civil, mining, municipal, and water/wastewater industries.

Occupational Health, Safety & Environment

Health & Safety Plans & Procedures – McWhit will help you ensure full compliance with the Occupational Health and Safety Act 85 of 1993. We also assist our clients to achieve compliance with the new NOSA Integrated System as well as ISO 14001 and OHSAS 18001. Risk assessments can be performed on Industrial and Commercial sites to ensure all risks are covered and control measures are implemented.

Total Risk Management Option – McWhit can allocate a dedicated Consultant to your site who will manage and implement the SHE (Safety, Health and Environment) system as well as perform the role of Risk Manager, managing everything from security-related issues, to Health & Safety & Environmental, as well as Risk. This consultant will report to our Client as well as to McWhit on a monthly basis.

We can assist in the provision and set up Occupational Health Clinics on site. These are serviced by registered Occupational Health Nurses. We can assess all health risks on site and advice on the medical surveillance strategy needed to comply with the Occupational Health and Safety Act and COID Act.

We will provide monthly reporting, covering among other things, health and injury statistics which will be made available to site management and audited by McWhit management. Medical Surveillance will include:

- ✓ Biological Monitoring
- ✓ Audiometric tests
- ✓ Lung function tests
- ✓ Baseline Medicals Entry and Exit

Risk Management & Health & Safety Consulting:

McWhit offers the following services under this area of expertise:
